

**Young Greenwich  
School Nursing Service**  
Oxleas NHS Foundation Trust  
Memorial Hospital  
Woolwich  
SE18 3RG

Hello and Welcome to Young Greenwich School Nursing Service, Oxleas NHS Trust, previously known as Greenwich School Nursing.

We have a new, exciting skill mix team to support your school, families and the school aged community of Greenwich.

**Young Greenwich Administrators** – support the dedicated telephone line and allocate emails to the duty nurses as required. They support the school screeners with the NCMP reporting and much more besides.

**Young Greenwich School screeners** – will continue to see Reception children for vision screening and measure Reception and Year 6 as part of the National Child Measurement Programme (NCMP). They will also be measuring year 8 from the new academic year 2021/22.

**Young Greenwich Health advisors** – support the transition of children to Reception and their parents / carers in any health concern such as bed-wetting, behaviour, sleep. We will be introducing drop ins for parents across the four youth hubs very soon. They also provide short, targeted parenting groups in every hub.

**Young Greenwich Staff Nurses** – run our daily duty line, support safeguarding, deliver medical alert handbook training, and assist primary schools with care plans, and provide the parenting offer with the health advisors across the hubs. They complete health information sharing requests to support the multi-agency working and decision process.

**Young Greenwich SCPHN** (Specialist Community Public Health Nurse) – support the daily duty, attend safeguarding ICPC's for identified health needs and triage the daily referrals. The nurses are named to each Secondary school / establishment aligned to their hub catchment area and are responsible for the health and wellbeing of students including the management of care plans and medical alert handbook. The nurses also attend the evening sessions across the four hubs and run drop-in sessions in school (once covid restrictions in schools allow).

**School Staff Training and PHSE sessions**– for school PHSE and medical alert handbook training, these are now tariff based services. The booking form is on our page; please complete and send to: [oxl-tr.younggreenwichpdl@nhs.net](mailto:oxl-tr.younggreenwichpdl@nhs.net) so we can be in touch to discuss your requirements.

### Contact Us

**Professionals** can refer any child or young person to us by completing our referral form and emailing to [oxl-tr.snsouth@nhs.net](mailto:oxl-tr.snsouth@nhs.net)
